Collin County Launches Prescription Drug Discount Card That Can Be Used by All Residents

Discount Cards Offering Average Savings Of 20 Percent Off Retail Price

[McKinney, TX] — Collin County today launched a discount card program to help consumers cope with the high price of prescription drugs. The county is making free prescription drug discount cards available under a program sponsored by the National Association of Counties (NACo) that offers average savings of 20 percent off the retail price of commonly prescribed drugs.

The cards may be used by all county residents, regardless of age, income, or existing health coverage, and are accepted at more than one hundred pharmacies in the county. A national network of more than 57,000 participating retail pharmacies also will honor the NACo prescription discount card.

The NACo prescription discount card offers significant savings for the uninsured and underinsured residents of our county, and even those fortunate to have prescription coverage can use the card to save money on drugs that are not covered by their health plan. Residents do not have to be Medicare beneficiaries to be eligible for this program.

Cards will be available at the following Collin County locations:
